WHO HAS CAUSED THE MIGHTY DEPRESSION?

The Salt Lake Tribune says in a recent issue: "Both the old parties and every one of the new parties thus far proposed, fall down when it comes to a direct contest with the great money powers of the East." The News-Miner in answer has the following to say and no doubt more than one exchange coincides with this worthy and sensible paper.

Now there is not a bit of doubt about the above statement, when one thinks of the Republican party; for they fell down before, and went into partnership with the gold brokers on Feb. 25th 1873, (by the way, February seems to be a terrible month) to accomplish the destruction of one half of the world's money, when they demonetized silver, while the Democrats during all this time have been floundering in the sea of politics, apparently without rudder or compass, unable to map out a course to pursue, and helpless as a young orphan. But when it (the Tribune) includes the new parties it overlooked the fact that the Populist party in its national platform, and in every State, from Maine to California, has from its birth and from all times clearly and emphatically declared, and its supporters and members at all times and under all circumstances voted, for the free and unlimited coinage of silver at a ratio of 16 to 1.

Now we ask the Tribune to act honestly and talk honestly, blame the old parties for they deserve it; but don't condemn the only consistent, true and unequivocal friend silver has in the way of a party, in the last quarter of a century, the Populist party, or some "old fool" might think you hypocritical.

HAVE THE TIMES CHANGED.

Eight years ago when A. C. Cleveland aspired to a gubernatorial nomination on the Republican ticket the party leaders shook their heads and said: "Cleveland is a No. 1 man, a devilish good fellow, but it wouldn't be quite the thing to have a railroad lobbyist named for so important a position." So they went further and did worse, placing Cleveland on the shelf.

At Reno the party laid the nomination before him on a platter, but even then it took hours and hours of persuasion from the party leaders to induce Cleveland to touch it.

Rejected as not good enough to be a Governor of the party in 1886, Mr. Cleveland now becomes the newly found Moses, lifted from the bull-rushes of White Pine county to lead the chosen people of Wall street through the wilderness in 1894. Has the halo of a new righteousness formed like a cloudy nimbus about the brow of the White Pine leader, or has the Republican party struck that particular level where the paid emissary of the railroad corporations becomes good enough to flock with? In the language of the Carson barrister, Judge Healey, whose pure and well accented Latin is always a delight to the ear, it is probably a case of "Tempora mutantur nos et mutantur illis."

DISGUSTED STROTHER.

Enoch Strother has resigned from the Republican State Central Committee. He was in a large state of disgust after the Reno Convention and has made up his mind that in the future the G. O. P. can get along without him.

Mr. Coffin succeeds him as chairman. The smooth gentlemen was expecting a judgeship but was placated by the chairmanship of the committee. The income of the two places are about the same in case the campaign is warm.

If Mr. Coffin does as well on the State Central Committee as he always did on the County Central Committee of Ormsby, he need have no regrets relative to a lost judgeship nomination.

His well known views on the inadvisability of not using campaign money to corrupt voters will insure a perfectly clean campaign if nothing more substantial. This angel of sweetness and light will preside over the destinies of the party in such a way that the corrupting influence of gold will at no time form a part of the campaign work.

He had rather see his party defeated, than to have the religious element cast even a sidelong look of reproach at his administration.

ALABAMA AND NEVADA.

The Republican party of Nevada has adopted the Democratic tactics of Alabama—the counting of ballots not cast. It cast five votes in its convention at Reno as coming from Humboldt.

The five votes were fraudulent. There was but one delegate of the party from this county and he was self appointed, and represented no sentiment of any party in this county. There is no Republican party in Humboldt, and its twin brother was strangled to death two years ago with a Cleveland decoction of deceit and traitorous, innocuous desecration. Some of the gentlemen, whose names was mentioned as delegates from this county, we learn, have consulted a lawyer with the view of bringing a suit against the proxy convention for libel and slander, but when it was suggested that the convention was bankrupt in morals and principles, as well as financially, the matter was dropped.—Silver State.

Notice.
